# Our ABOUT Event

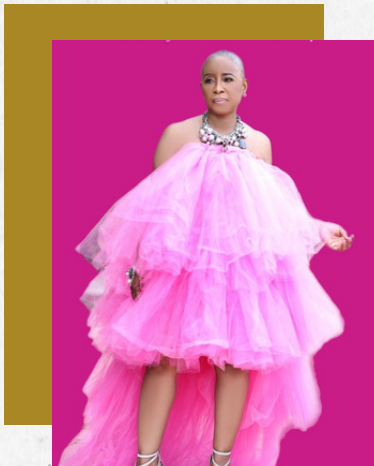

Since 2020, Women Impacting Neighborhoods, Inc. has hosted its annual **Day For Survivors** to honor Breast Cancer Survivors and raise awareness to the inimical disease. We provide a platform for survivors and professionals to share their stories and knowledge with other survivors, supporters and families of those who lost the battle. Through ticket sales, a portion of the proceeds will be donated to **Strong is the New Sexy Foundation**. Our theme this year is **"Strut for the Scars"** in which we plan to honor those who are fighting and those we have lost through *beauty, style and fashion*.

# Past HONOREES

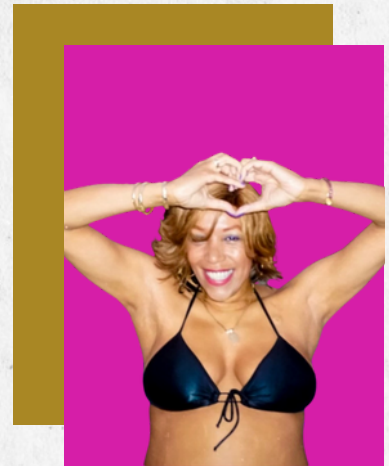

Every year we honor one or two Survivors with our **Regina Award**. The term Regina, *derived from the Latin feminine name meaning Queen*, honors a woman who demonstrates outstanding qualities in her personal life and/or her professional career. She is deserving of recognition for her leadership, determination, resilience, positivity and of course, her inspirational life experiences. She exemplifies the woman our organization strives to empower every woman to be; a prolific member of society who overcomes adversity while still in pursuit of her daily goals, aspirations and responsibilities.
